30+ YEARS OF GIVING FLIGHT TO
BOUNDLESS IMPACT

 Airline Consolidation Finance & Banking University & Education Human Resource Recruitment General Hospital

For almost three decades, Kazi Group of Companies have consistently pushed to keep ethical transparency and service reliability on the forefront. The belief of "honest work benefits all" was internalized from the very beginning, and the trust our clients and partners have placed upon us shines through as a testament of it.

Our initial venture back in 1991, Kazi Air International (Pvt) Limited, began from a tiny single-room office tucked within the busy-bustling business hub in Motijheel, Dhaka.

Through the ethical integrity of business decisions, with the committed human-2-human service satisfaction of our clients have lead the group to stand strong as one of the pioneering and prosperous airline consolidation companies in Bangladesh.

The Kazi service standard encapsulates our status as a brand leader in local and global markets. All under the unyielding charisma of our Founding Chairman and Managing Director Mr Kazi Mohammed Mofizur Rahman and his dedicated team.

“

*The name Kazi represents

Richest countries put more money in fossil fuel: report

The richest nations, including the G-7 countries, are increasingly investing in fossil fuel projects in developing countries like Bangladesh, obstructing global carbon emission reduction targets, said a report released by US-based Global Energy Monitor on Tuesday. A press release issued on the occasion of releasing the report said that the global solar and wind power capacity grew by one-fifth past year.

G-7's failing renewables commitment, pushing fossil fuel in Bangladesh, beyond: Report

The richest nations, including the G-7 countries, are failing to uphold their commitments to global renewable energy expansion. Instead, they are increasingly investing in fossil fuel projects in developing countries like Bangladesh, obstructing global carbon emission reduction targets, according to a report by Global Energy Monitor (GEM).

The Authority on Impact Projects

[Connect](#)

Myself

My existence is purely to create ripples of positive change, and travel to see new places. Everywhere I travel, I take a boat or a ship journey for sheer pleasure and love to find the most exotic types of chili.

The Authority on Impact Projects

Holding three decades of paramount experience in global-scale programme development, management, execution, and succession. She remains a successful entrepreneur in the decor and beauty industries in Bangladesh.

She has effectively managed numerous projects personally through Ascend International Limited and previously as a Programme Manager in the European Union (EU). Her expertise in designing, developing, managing, and promoting economic cooperation programs remains exceptional.

Her key roles in developing programs in the 'Trade Related Assistance Section' still remains relevant till date at the EU, as well as her strategic guidelines as a key member in multiple program implementation committees. Her activities included successful programme management with both multilateral and bilateral agencies such as UNIDO, ITC, IFC, GIZ and others.

Achievements

The projects Rozana Wahab has helped implement not only illustrate her personal experience but also serve as an archive of the EU Bangladesh Trade and Economic Co-Operation Efforts over the past 3 decades.

Silver Oaks Property has been working with us for more than a year by taking our augmented software engineering team services.

The Problem

SilverOak Properties Global (SOP) had an unfinished projects done by a team who were struggling to deliver according to the requirements and timeline. The company needed a partner who could manage this complex project and deliver accordingly.

Our Approach

We identified that the problem was **inadequate project management**. So rather than focusing on technical skill at first, we took time to analyze the project, sat down with stakeholders and set expectations. From then on it was all about tracking and delivering fixes and features on time.

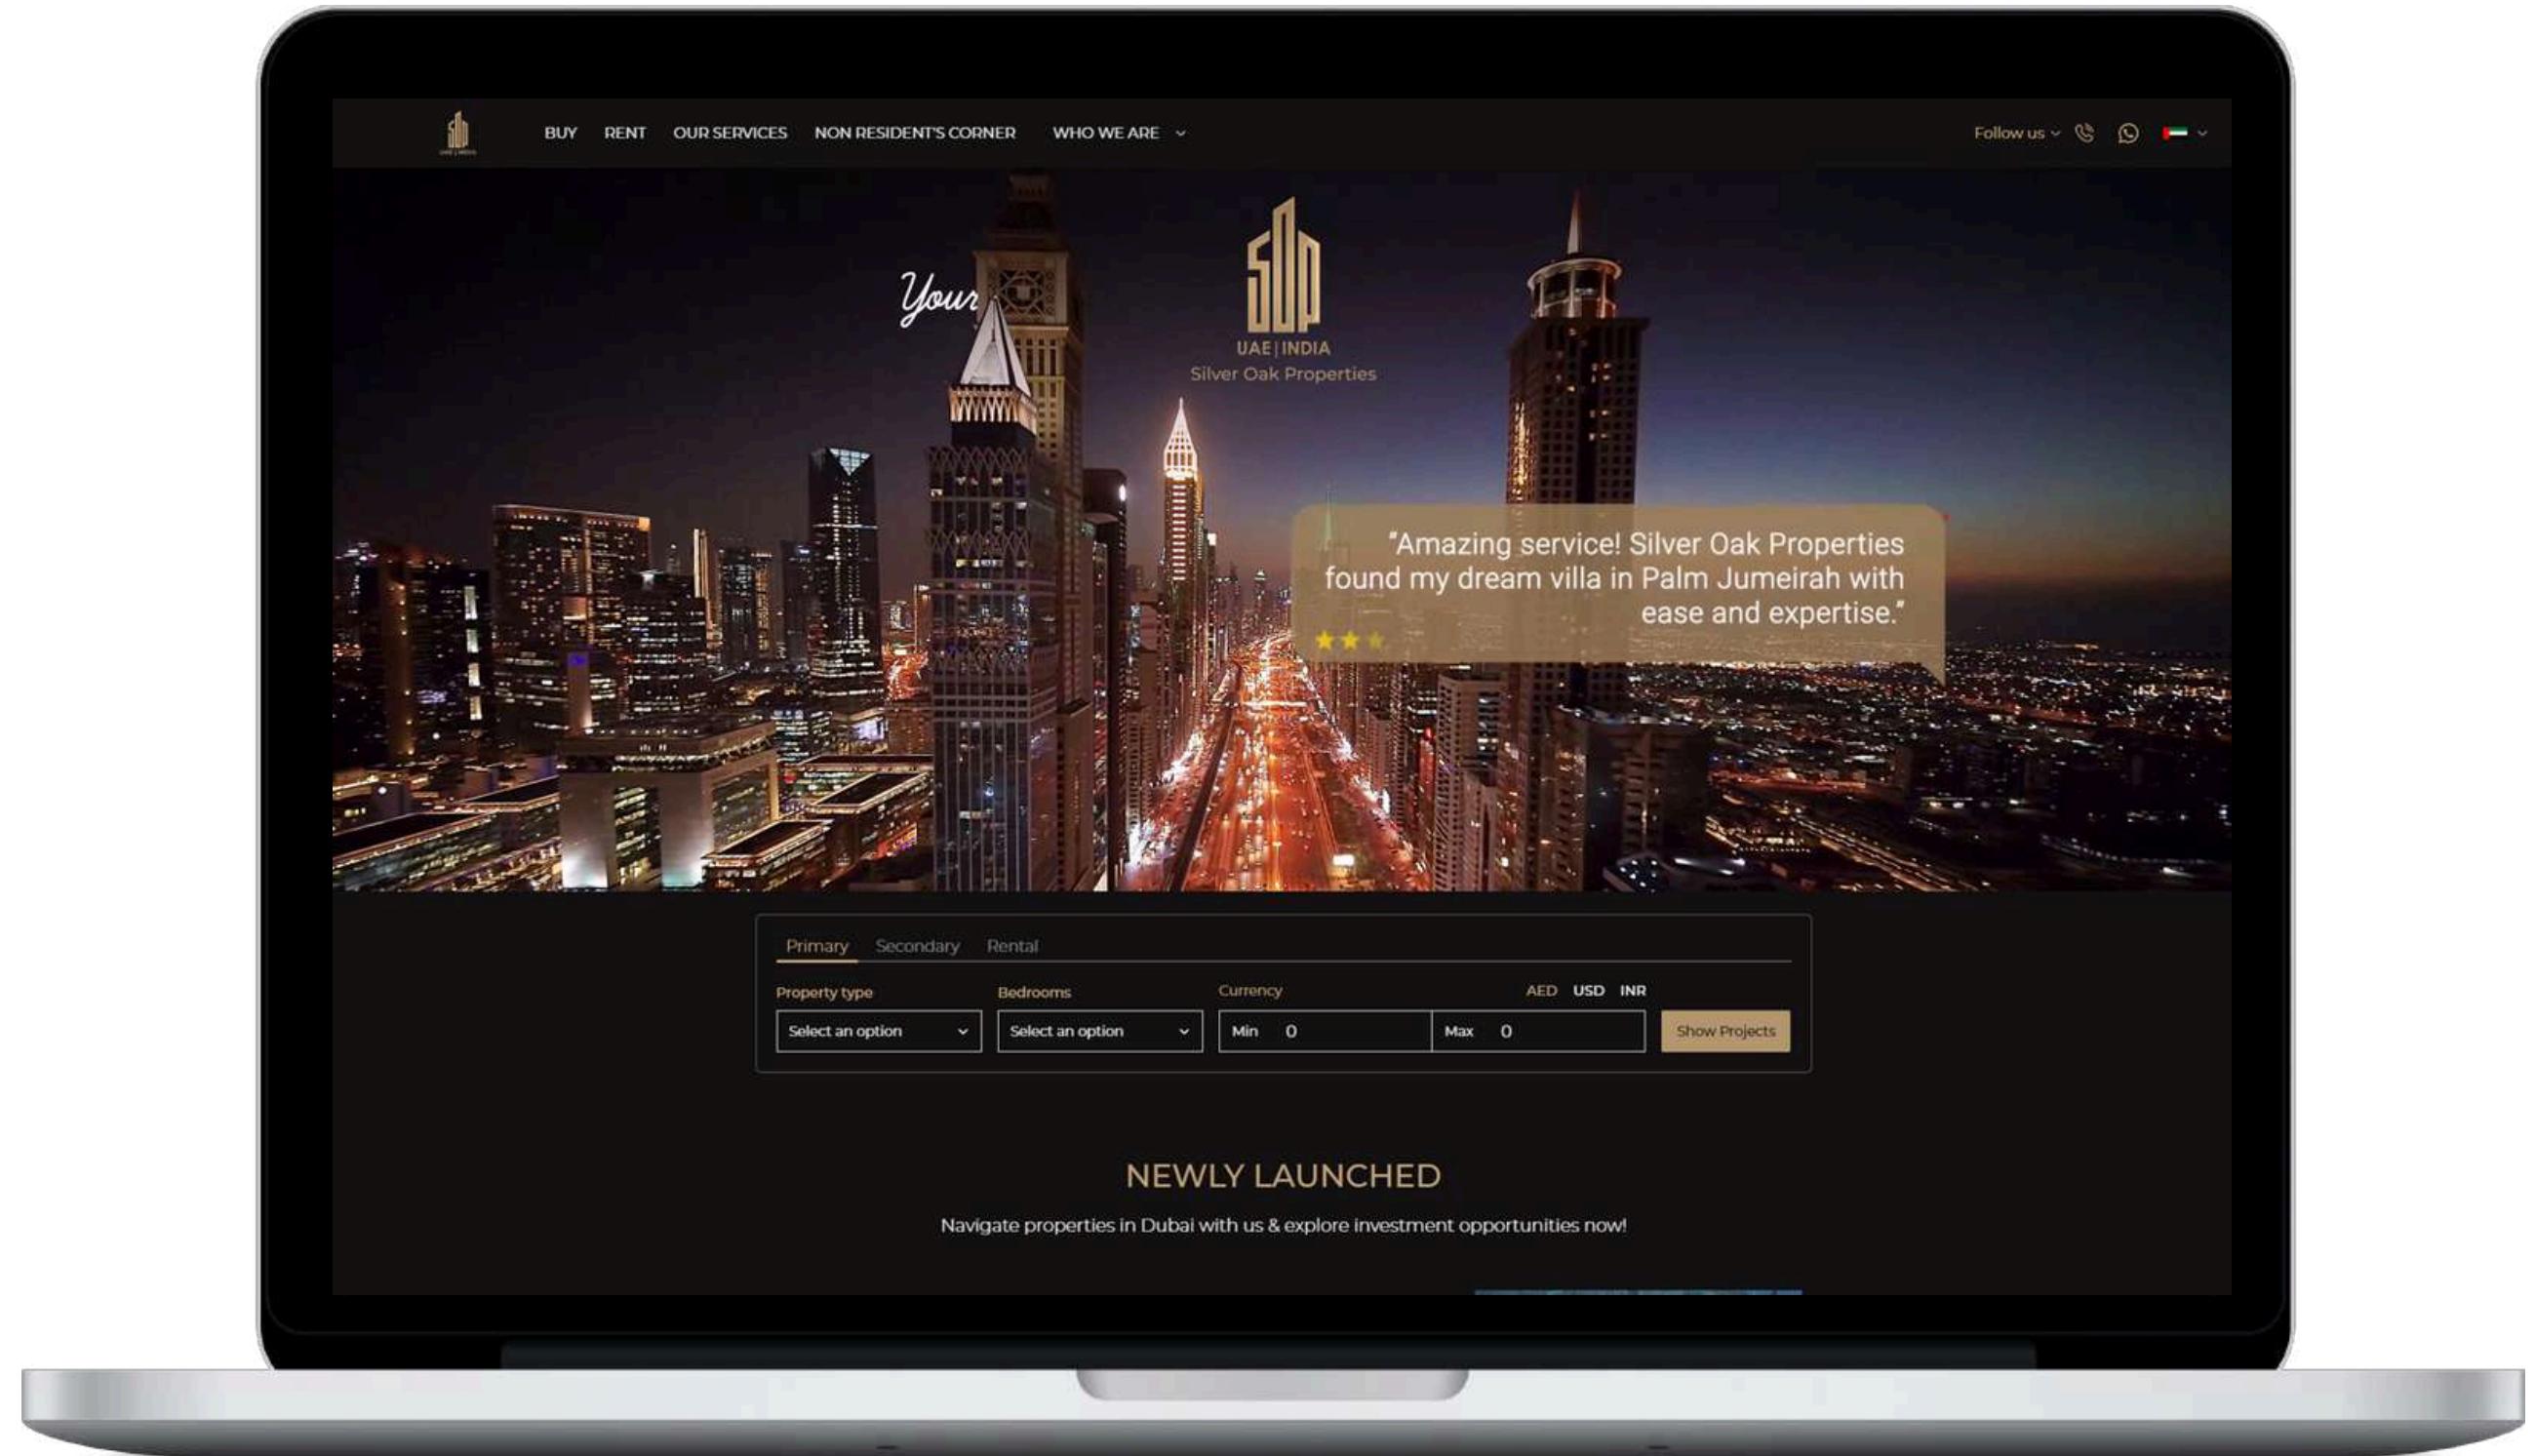

Features We Implemented

- Content Management System
- Property Creation and management for multi region.
- Lead Management System
- Multi Currency Support Integration
- Realtime Features
- Internal File System
- Dynamic integration with Various Analytics Platforms.

Smartphone Depot inc. USA's Ecommerce website with complete inventory and logistics management system.

The Problem

SPD (smartphone depot inc.) had to maintain their offline orders through excel sheets and their accounting was a mess due to not having a single point of book keeping. And also they did not have a ecommerce website to take orders online.

Our Approach

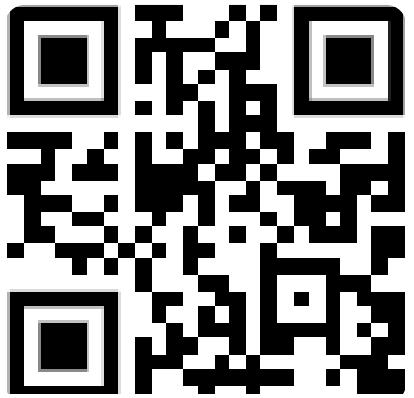

At first we built their inventory system, then the financial management system and finally their ecommerce website for b2b sales. We delivered these phase by phase prioritizing their needs.

Features We Implemented

- Content Management System
- Inventory Management System.
- Finance and Accounting.
- Multi Branch Feature
- b2b Sales Driven Online Portal
- Bidding/Auction System
- Dynamic integration with Various Analytics Platforms.

The screenshot shows the "About Us" page of the Smartphone Depot website. The header includes the company logo, a search bar, and a navigation menu with links to Home, Products, Product Request, Our Process, Grading, About Us, FAQ, Contact, and a language selector for English. A black and white photograph of two people's hands clasped together is displayed on the right side of the page. The main content area features a large blue header with the text "About Us" in white. Below the header, there are three sections of text: "Company Overview", "Why Choose Us", and "Our Mission". Each section contains a short paragraph of text. At the bottom of the page, there is a footer with the text "Experience the difference with Smartphone Depot - your reliable destination for exceptional pre-owned".

About Us

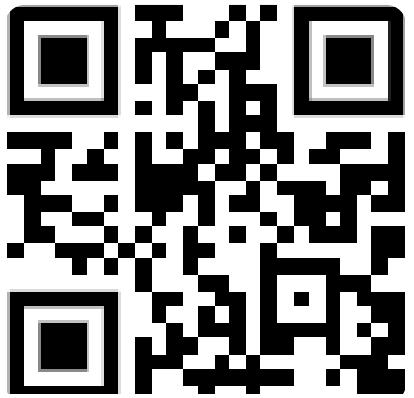

Company Overview

Smartphone Depot is a distinguished reseller company specializing in top-quality pre-owned consumer electronics, such as smartphones, tablets, smartwatches, and laptops. Our unwavering commitment to excellence drives us to meticulously inspect every product, ensuring it meets our rigorous quality standards. Working solely with reliable suppliers, we guarantee the utmost in product excellence.

Renowned for our dedication to quality, passion for our products, and unwavering focus on exceptional customer service, we have emerged as a preferred choice in the industry. Our devoted team provides personalized attention to each customer, catering to their unique needs and going the extra mile to ensure complete satisfaction with their purchases.

At Smartphone Depot, we remain steadfast in our mission to offer competitive pricing, making high-quality electronics accessible to all. Our trusted reputation as a source for superior pre-owned consumer electronics continues to grow, and we take great pride in serving our customers with unmatched dedication.

About Bridge View

The essence of a home as a personal statement was fading, often replaced by standard layouts and generic structures. Guided by the belief that a residence should be more than shelter – that it should embody your identity, carry your signature, and reflect your vision – our Chairman envisioned a company that crafts each space with care, precision, and timeless sophistication.
